CORTE MADERA, Calif., July 18, 2018 /PRNewswire/ -- Marin Wash and Fold announced the launch of its service later this month with delivery vans in both the Corte Madera and Novato July 4th parades.

Their service is dedicated to increasing the quality free-time of North Bay residents. The "Laundry Made Easier" ® logo on their vans signifies the commitment to provide a service that makes the lives of their customers easier. Their service includes free pick-up and delivery, online software that allows customers to select and specify their personal preferences in detail, and a customer service team that contacts new customers by phone to help them detail their personal preferences for both wash staff and drivers. Customers can also track progress from order through delivery time online and through email or text updates.

In an email enclosing their parade registration form for the Novato parade, co-owner Michael Gralnick wrote, "I have been in the parade a number of times with the family with the Novato Mother's Club. This should be an interesting parade entry, now that we are going to be in the parade again doing something to make the lives of all those other parents easier."

His reference was to his family's shared experience with all the other busy parents who strive to find ways to spend often limited free-time with their children.

Customers can sign up at <http://www.marinwashandfold.com> to be notified the day service begins. They can also submit an entry to win \$250 of free service by answering the question "What would you do with your newfound free-time if we did your laundry for you?"

About Marin Wash and Fold

Marin Wash and Fold provides individuals, families, and businesses with personalized laundry service, including free pick-up and delivery and 24 hour turnaround. Their customers receive personalized attention from a dedicated customer service team and can track progress from order to delivery through web-based software. Marin Wash and Fold is a locally owned and operated business that proudly serves Marin, Sonoma, and Napa Counties, through team members who live and work in Marin County. For more information, please visit <http://www.marinwashandfold.com>.
